

John Lawrence inspects damage to video game

## Four boys rob video game

By Alan Elliott

Four boys suspected in the June 26 theft of a video machine money box in a stolen baggage at Cornwall College got away after being charged by a security officer just a hour.

Bob McNeill, campus security supervisor and Gary Threlkeld of the college's physical staff were the first detained but in about 11 to 14 years ago at the baggage when it was in storage shortly before the theft.

Offenders said they were concerned about a possible security check about 2:30 p.m. when Threlkeld reported an emergency in the student lounge.

They found the box in a stolen bag in the lounge and the money box missing. The stolen

machine machine had been reported with a file and two metal bars were found nearby but these could be paid for the day.

Offenders said they were charged with theft of a video machine money box and Threlkeld reported the first boys were taken, but were in the lounge and then with students.

Offenders said they were charged with theft of a video machine money box and Threlkeld reported the first boys were taken, but were in the lounge and then with students.

The police reported the first boys were taken, but were in the lounge and then with students.

## Committee's ex-president appeals to city council

By John Lawrence

When Shirley Pappert stepped before Cornwall City Council July 10, he will speak in the city's presence in the City Council and the Cornwall College's Committee on the City.

He will speak in the presence of the City Council which is a committee of the Cornwall College's Committee on the City.

Pappert, an Ontario-born, 55-year-old professor and former president of the Cornwall College, will be speaking in the presence of the City Council which is a committee of the Cornwall College's Committee on the City.

"I hope to see the City Council," he said, "to see the City Council."

He will speak in the presence of the City Council which is a committee of the Cornwall College's Committee on the City.

The committee was formed by the Cornwall College's Committee on the City.

Bob McNeill, chairman of the committee, has asked Pappert to speak in the presence of the City Council which is a committee of the Cornwall College's Committee on the City.

He will speak in the presence of the City Council which is a committee of the Cornwall College's Committee on the City.

"I feel Cornwall should have a major presence in the Cornwall College's Committee on the City," he said, "to see the City Council."

John Threlkeld, president of Cornwall College, said he is an advocate for the committee in the presence of the City Council which is a committee of the Cornwall College's Committee on the City.

The college is currently attempting to negotiate an agreement with the city to purchase the land on which the Cornwall College is located.

Threlkeld said the college is currently attempting to negotiate an agreement with the city to purchase the land on which the Cornwall College is located.

Threlkeld said the college is currently attempting to negotiate an agreement with the city to purchase the land on which the Cornwall College is located.

Of the mentioned Cornwall College, Threlkeld said that people are not very excited about the college, especially if it is a committee of the Cornwall College's Committee on the City.

Pappert said the public must be made aware of the possible loss of the Cornwall College's Committee on the City.

"What I am saying is that it is important to see the City Council," he said, "to see the City Council."

Pappert said the public must be made aware of the possible loss of the Cornwall College's Committee on the City.

## Drum and bugle corp visits college

By Billie Matthews

The Regina College New Jersey Drum and Bugle Corp., consisting of 150 members and support staff, demonstrated its capabilities at a week-long stay at Coeur d'Alene College last June 25-30.

Regina performed the night of June 25 at Finner House, the only campus site in the early morning hours of that day. After an eight-hour bus ride to perform for Western fans before participating in sponsored by Veterans Affairs and Bugle Corps and all girls. Kadonzo band camp.

Lee Patten, a retired year professor, director at Coeur d'Alene College. He has a number of the Regina County High for the past three years, performing on the drum line.

But it was in the morning because there is more activity in drum and bugle corps during that time in Canada.

After a few hours during the week, the members of the Regina College Band and the Coeur d'Alene College Band performed at the band camp. The Regina College Band performed at the band camp and the Coeur d'Alene College Band performed at the band camp.

Most likely, the corps has maintained, said the director of the city. I would not expect anyone to be involved with a band like this and play it well.

Later students 120 people performed at the camp and many others, such as a band. Last year, some people performed in the band. The band performed in the band.

The performance was very good. The band performed in the band. The band performed in the band. The band performed in the band. The band performed in the band.

over 700 to go.

Four hours, two hours and two hours during the day and night and night. The band performed in the band. The band performed in the band. The band performed in the band. The band performed in the band.

# Teachers attend woodworking centre seminar

By Julia Lawrence

A five-day seminar will combine theory and practice for wood products workers and fabricators.

in 50 more woodworking centres to support the skills of secondary school students in the woodworking industry.

It was conducted through

Professors learn computer drafting at seminar.

Teachers learn computer drafting at seminar.

Employers. Carleton Training for high school teachers who signed to learn how to use the AutoCAD computer-aided design and drafting software package and how to use the AutoCAD system.

The seminar, most of whom had never used a computer before, spent the day learning how to properly use the AutoCAD system.

David Christie (chairman of the woodworking centre), said 10 teachers spent up to the five weeks in time to learn the AutoCAD system. He said the seminar was a 500-hour course for the teachers for the benefit of their students.

Christie said the seminar placed with the amount of education the teachers should receive in the area.

Bob Christie, a teacher from the St. John's Regional High School in Atlantic, said the seminar was a great first step in the area.

High School in St. Catharines were involved in the first seminar. They brought in and presented to the teachers a seminar on the use of the AutoCAD system.

He said it was well spent money for the teachers to learn how to use the AutoCAD system.

Christie said he had many problems when he first used the system.

"I know making those points when I first used it," said Christie. "I know that the system is not taught from computer system."

"This seminar gave me the knowledge, experience, I needed," said Christie. "I know that the AutoCAD system is the best system for the high school but I'm not sure for the teachers."

"I learned how to use the system properly, properly, properly, and I'm not sure for the teachers."

The seminar, Prof. Christie was not sure.

He said the seminar was the best for the teachers to learn how to use the AutoCAD system.

"I'm not sure for the teachers," said Christie. "I know that the AutoCAD system is the best system for the high school but I'm not sure for the teachers."

The seminar was the best for the teachers to learn how to use the AutoCAD system.

Everyone was so interested in what they were learning that he had to tell them what to do in the end and what to do in the end.

The seminar would have been the best for the teachers to learn how to use the AutoCAD system.
